Core Competencies

New Century Technologies Inc. (NCT) is a Woman Owned, Small Disadvantaged Business, EDWOSB, and GSA- certified MAS Contractor selling toner cartridges, office products, industrial products, IT services provider that designs, implements, supports technology solutions and IT products that offer hardware, software, related services to government agencies. NCT is well-established and highly regarded firm dedicated to serving government agencies at the federal, state, and local levels. With years of experience in the industry, NCT has developed a deep understanding of the specific challenges and requirements that government entities face.

Products: NCT offers a catalog of products tailored to government needs. This includes office supplies, technology hardware, software solutions, industrial equipment, safety gear, and more. The product range is sourced from trusted manufacturers, ensuring quality and reliability.

Government Compliance: NCT has an understanding of government regulations, procurement procedures, and compliance requirements. This expertise allows NCT to ensure that products and services provided align with government standards.

Sourcing and Procurement: NCT offers cost-effective and efficient solutions for government agencies. NCT has a proven track record of delivering on time and within budget. NCT understands that government agencies have unique needs and often require customized solutions. NCT prides itself on its ability to work closely with clients to identify their specific requirements and deliver tailored products and services accordingly.

Government Certifications: NCT holds relevant certifications and contracts, including GSA Schedule contracts, and other small business designations, enabling government agencies to leverage these contracts for streamlined procurement.

Commitment to Quality: Quality assurance is at the forefront of NCT and maintains strict quality control standards, ensuring that all products and services meet or exceed government requirements and industry standards.
